Financial Clearance Postpones Return to India

June was my target date to return to India. After talking with leadership at headquarters in Springfield, my return to India has been postponed until August due to needed project funds and \$325 in monthly support still pending.

The funds for the National Women's Conference and Ministries Manual projects are still urgently needed before I can return. This is a time sensitive project with the ministry event taking place this October 2004.

A total of \$40,000 is needed for these two projects. To date, the Lord has provided \$17,000 leaving an urgent need still of \$23,000.

Please pray with us in regard to these two projects. It would be extremely helpful if you could pass this request onto your Pastor or Missions Committee for special consideration.

The National Women's Conference (Project 6859) is a first-time catalyst event hosted at New Life Assembly of God in Chennai, India. Pastor David Mohan, All-India General Superintendent, has already issued an invitation to all district superintendents, gatekeepers and women to attend this pivotal conference held at his church.

An important ministries manual (Project 6857) will be presented to those attending the conference.

This manual has been written by our Indian friends in English, Tamil and Hindi and will be instrumental in providing each district with a strategic evangelistic plan for ministry among women.

You may read more about these ministries on my Women in Focus Evangelism Website located at <http://www.terribrelsford.org>.

Thanks for your prayer and partnership. Your prayer opens the door to the miracle.
